

## Squaring Numbers

Find the values of the following.

$1^2 = \square$

$2^2 = \square$

$3^2 = \square$

$4^2 = \square$

$5^2 = \square$

$6^2 = \square$

$7^2 = \square$

$8^2 = \square$

$9^2 = \square$

$10^2 = \square$

$11^2 = \square$

$12^2 = \square$

$13^2 = \square$

$14^2 = \square$

$15^2 = \square$

$16^2 = \square$

$17^2 = \square$

$18^2 = \square$

$19^2 = \square$

$20^2 = \square$

$21^2 = \square$

$22^2 = \square$

$23^2 = \square$

$24^2 = \square$

$25^2 = \square$
