

Surface Area of a Cube

Calculate the surface area and approximate your answer to the nearest hundredth.

<p>Side = 1.2 feet</p> <p>Surface area = _____</p>	<p>Side = 2.5 yards</p> <p>Surface area = _____</p>
<p>Side = 4.3 inches</p> <p>Surface area = _____</p>	<p>Side = 10.25 cm</p> <p>Surface area = _____</p>
<p>Side = 12.12 m</p> <p>Surface area = _____</p>	<p>Side = 9.46 inches</p> <p>Surface area = _____</p>
<p>Side = 1.79 feet</p> <p>Surface area = _____</p>	<p>Side = 45.8 mm</p> <p>Surface area = _____</p>
