

Surface Area of Hemisphere

Calculate the surface area and approximate your answer to the nearest hundredth.

<p>Radius = 9 inches</p> <p>Surface area = _____</p>	<p>Radius = 14 feet</p> <p>Surface area = _____</p>
<p>Diameter = 48 mm</p> <p>Surface area = _____</p>	<p>Diameter = 13 yards</p> <p>Surface area = _____</p>
<p>Radius = 29 cm</p> <p>Surface area = _____</p>	<p>Radius = 2.6 yards</p> <p>Surface area = _____</p>
<p>Radius = 21.25 inches</p> <p>Surface area = _____</p>	<p>Diameter = 13.3 ft</p> <p>Surface area = _____</p>
